

BFGoodrich[®] Tires

Mud-Terrain T/A[®] KM

Rock climber, mud eater, the new BFGoodrich Off Road tyre tames all situations.

At all times, this tyre gives you the necessary **traction** to go anywhere, under the most demanding conditions ... , and to return back.

Its shoulders designed for combat will allow you **to tackle** the deepest mud, the most inaccessible sand-dunes and insurmountable rocks.

Mud-Terrain T/A[®] KM

Characteristics and advantages

Tread pattern specifically designed for reduced noise

Anti-aggression Tri Gard[®] architecture

Optimized bead area for maximum driving comfort

Shoulder block conception for maximum traction :

- upper sidewall traction bars = traction
- large inter-block grooves = mud clearance

High level of grooves, optimized compound mix, large foot print for unbelievable levels of grip

Rim protector for all sizes
